3. Preparation	
Mean Results (6=Excellent, 1=Very Poor)	
4,1	The preparation of yourself for this project (301)
4,3	The preparation of your delegation for this project(302)
4,3	The preparation of the staff for this project (303)
5,0	Were the spec. objectives of this IPP clearly communicated, defined and discussed? (304)
4,4	Pre-camps and other pre-camp communication (305)
4,7	Support you received from your national/local IPP co-ordinator? (306)
307 How did your delegation prepare for this IPP? Please describe the process (Excerpts):.	
<p>We were given a big insight into aspect of desert life in Egypt. Outside speaker+++ . Country presentations+++ . The Practical parts. Reconstruction+++ . Work with the women++ . Living in Farafra for 10dd: an unforgettable experience. White desert trip and dialogue with the beduins++ . Ammar Keylany's visit.</p>	

4. Educational/Thematic Part

Mean Results (6=Excellent, 1=Very Poor)

5,1	Quality of the country presentations (401)
3,9	Quality of the external speakers(402)
4,8	Quality of the theme-related field trips (403)
4,8	Was the theme explored enough? (404)

405 Please describe the most valuable educational activities of this IPP. Country presentations, external speakers, field trips included. Describe why these activities were valuable for you.(Excerpts:)

We were given a big insight into aspect of desert life in Egypt. Outside speaker+++ . Country presentations+++ . The Practical parts. Reconstruction+++ . Work with the women++ . Living in Farafra for 10dd: an unforgettable experience. White desert trip and dialogue with the beduins++ . Ammar Keylany's visit.

5. Practical/Working Part

501 How would you rate the **amount of work** you did?

7,6 (Mean Result: 10 Too much work, 1 not enough work)

502 How do you rate the **contribution** of this IPP to the life of the local community

5,5 (Mean Result) and the work of the partner organization?

503 How **close** did you work alongside people from the community or from the partner organization?

5,8 (Mean Result)

504 Being an open activity, IPP may bring **risks for CISV and the IPP participants:**

physical / safety or social / psychological risks. The first ones are related to dangers arising from the working part, general security on project site, medical services, etc. The last ones are related to the contact of CISV and non-CISVers and cultural shocks that may arise from this contact. Do you believe this project was prepared concerning all these aspects and gave you the necessary support?

57% Yes Concerning physical / safety risks

96% Yes Concerning social / psychological risks

Why? (Excerpts)

There were many health and safety risks which i would have preferred more attention given to+. The general safety and security on the project site could have been a lot better++. Cultural differences between CISV participants and the non-CISVer are pretty huge. No qualified nurse or doctor. We had first aid kit with us all the time. Risks were minimal. Security measure everytime+. Incerasing safety would have decreased the success level. Working in a dangerous building site.

505 Please describe the **most valuable parts** of the practical/working part of this IPP to you (Excerpts)

Reconstruction of the old Farafra+++ . Being with the women in the NGO+++ . Discussions. Minicamp+++ . Seeing how we touched the whole community and got them to actively participate with us+. Flag time. Country presentations. Seeing the effect on the host community+. Very close work with the local community++ .

6. Staff

What do you think about the staff's...?

5,3 Openness (for ideas) and flexibility (601)

4,5 Overall performance (602)

603 Do you feel they were managing this IPP well? What could they have done better? (Excerpts:)

They were quite young, lucky to very very experienced participants sometimes. Not all the staff contributed the same amount. Small communication problems in the staff. Problems with the schedule and time management+. They have managed this IPP in the most suitable way. Communication with the participants at the beginning could have been better++. They talked a lot in their own language. Very well+++ . Preparation could have been better+. Unexperienced.

7. Summary and Miscellaneous	
5,5	Quality of the food, accommodation and other practicals (701)
4,4	Group feeling (702)
703 Do you believe that the cultural differences were clearly noticed and understood in this IPP?	
96% Yes	Among participants?
78% Yes	Among staff?
74% Yes	Between participants and staff?
87% Yes	Between IPP staff / participants and members of local community?
How did it affect the development of the project? (Give examples that support your answer) Excerpts:	
We did get surprised a few times by the locals. It made the project easier. More difficult but more interesting. Positively. Staff did not always meet the expectations of some of the participants.	
704 How motivated are you to further commit to the area of this IPP?	
5,2	(Mean answer)
705 How will you apply what you've experienced here in your country? (Excerpts)	
The IPP has really inspired me to work more in project-based area (Mosaic and IPP). When I finish studying I hope to work for an NGO. It made me more aware of the world situation. Help empower women in my society. Much more aware of cultures. I have gained confidence in my ability to communicate. Understanding of arabic culture. New project back home.	
5,2	To what extent were the specific goals and objectives achieved? (706)
5,2	To what extent were your personal goals & objectives achieved? (707)
5,1	Please try to give this IPP an overall score. (708)
709 More comments and recommendations for future IPPs? (Excerpts)	
Training earlier. International staff+. Thank you staff!+ One of the best things i've done in CISV+. I really hope that it continues in a Mosaic. I hope they will decide to have another IPP here++. Group feeling. Extend the time of the camp. Better risk management guidelines. All IPP 3 weeks duration++. Send the precamp sooner. Keep aware of the CISV staff training++. Male/Female more balanced.
